

FOOD MANAGER

NEED FINDING

OUR INCENTIVE

Huge amount of food is being wasted for reasons as people buy excessive food, forget food expiration dates, forget food in their fridges, and not being able to find a proper method of storing foods. This drives us to think about a way to help people reduce wastage of food to make the world a better place.

OUR PURPOSE

“Food Manager” aims at relieving family food waste by providing a solution to each daily habit that could cause great food waste. We track the food usage, monitor food expiration dates, smartly generate grocery list, and optimize your cooking recipes using the foods in the fridge.

LIST OF QUESTIONS IMPOSED DURING INTERVIEW:

1. How do you manage food from getting wasted?
2. What quantity of food is getting expired on a weekly basis?
3. What types of food would you store in refrigerator?
4. How often do you buy groceries on a weekly basis?
5. How do you manage the list of items present in the refrigerator?

EMPATHY MAP

Think and Feel?

Which food items should I buy?

Why is it so hard to remember what's in the fridge?

Did the food item expire?

Food item getting expired

The food is going to expire soon
